
Residents aged 6+, Monday–Friday, round-trip days (start and end at home), destination purposes (no holidays, no walking or cycling as the activity), local trips (≤ 80 km). Above each pair: ratio 2019/2008 [90% CI]. Means with 95% CIs; household bootstrap, 200 replicates. Small grey numbers at the foot of each column: n (weekdays with trips in A, respondents in B). Sources: ENTD 2008, EMP 2019 (SDES/INSEE); author's calculations.
